TO THE 3D-4CH TRAINING SYNERGY CALL EVALUATION COMMITTEE

LETTER OF SUPPORT

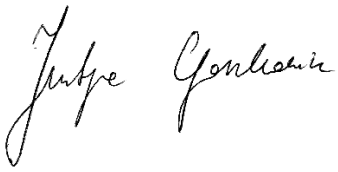

The Research Centre on the Legacy of Polish Migration (ReCeLPM), operating within The Polish Writers Abroad Charity, is pleased to express its support for *Diaspora Heritage: From Community Archives to 3D*, a training project proposed by Blue Point Art LTD (BPA).

Our research and cultural activities focus on the heritage of Polish communities abroad, much of which is preserved by small associations, community archives and individuals. These collections are often of considerable historical value, yet those responsible for them may lack the technical expertise and resources needed to present them digitally.

We intend to support participant recruitment through our research, cultural and community networks, offer insight into the needs of smaller heritage organisations, and provide feedback on the training and its bilingual guidance materials. We will also help promote the workshop and share its outcomes with organisations interested in adopting similar approaches.

We look forward to collaborating with BPA and the Józef Piłsudski Institute in London, subject to funding and agreement on practical arrangements.

Yours sincerely,

Dr Justyna Gorzkowicz
Director, Research Center on the Legacy of Polish Migration
